A Brief Intro To my Life By Using LaTeX

Parth Jain

September 21, 2017

1 Personal History

My name is Parth Jain, back in India people also know be by the name "Chikku". I am Masters student in Computer Science department at San Jose State University. I like to travel a lot. I am familiar with C programming and also a bit familiar with Haskell and Python.I like to think in a way where i can automate things not to make my life easier but just to push my abilities to what all i can make a computer do.Refer for validation : 3

2 Academic/Career Goals

1. To complete my Master's with a really good grade

2. To be a really good programmer

3. To make an intelligent system.

3 Research Topics of Interest

1. Artificial Intelligence[**?**]

2. Implementation of Machine learning and deep learning concepts[**?**]
